

## CLASS A MECHANIC

### Job Summary:

We are looking for a Class A Mechanic with a stable work record and strong work ethic to add to our exceptional team! Responsibilities including performing all types of maintenance and repair on light, medium, and heavy-duty buses and support vehicles. Must be able to perform thorough inspections of fleet vehicles and document all inspections. Must have the ability to use diagnostic equipment, road test vehicles, and make road calls. Maintenance, repairs, and inspections on all CTA equipment is in accordance with local, county, state and federal laws as well as company policies. This is an advanced position that requires strong independent judgment and is only routinely supervised.

### Requirements:

Sustained physical endurance to lift, stand, work with arms extended overhead, climb, and squat, as well as the ability to work in a fast-moving automotive maintenance garage.

### Qualifications:

- Five (5) years' experience of mechanical repair on Heavy Trucks or Heavy Buses required.
- Must be proficient in the repair of air brakes, air systems, air conditioning systems, chassis, and gas and diesel engine repair.
- Must have knowledge of trouble shooting electrical systems.
- Must have knowledge and prior use of diagnostic computer equipment.
- Must be able to pass a pre-employment DOT Physical Examination and pre-employment Drug and Alcohol test.
- Must have the ability to read, write, and follow directions and instructions, department policies, as well as EPA and OSHA guidelines.
- Must have verifiable work references.
- Requires a clean driving record and the ability to obtain a MS Commercial License Class "B" with a "P" (passenger) endorsement.

Job Type: Full Time

Pay: Starting at \$23.00 – 29.00 hr. (Based on Experience)

Shift: 3pm - Midnight
